

HIGH-VIS Lift Truck Scale

INTRODUCING LTS SCALE'S HIGH VISIBILITY LIFT TRUCK SCALE

The High-Vis, LTS Scale's high visibility lift truck scale, was designed to provide improved visibility for lift truck operators. The design enhances the lift truck operator's productivity by improving operational safety and reducing damage caused to valuable cargo. Constructed of solid steel, the High-Vis scale's rugged design retains the exceptional features of our traditional scale base including superior load sample linearity, enhanced serviceability, improved heel-to-toe/fork-to-fork accuracy, and a variety of safety features.

Standard Features

- > Dual tension load cells
- > Load cell overload rating up to 300%
- > Single viewing port for increased operator visibility
- > Safety bolts provide a 5 to 1 safety factor
- > 10 step installation procedure which requires no modification to your existing lift truck

ACCURACY

- » Dual tension load cells with 0.1% accuracy.

DURABILITY

- » LTS Lift Truck Scales utilize a system of multiple flexures, which absorb the constant shock of load-bearing while transferring the weight to the load cells. These critical elements have no moving parts, reducing the potential for failure.

SERVICEABILITY

- » Features flexures designed for easy, on-the-spot replacement, thus eliminating costly downtime. Replacement parts are readily available from stocking distributors. Load cells are field replaceable, using customer maintenance personnel.

LTS Lift Truck Scale Systems conform dimensionally to I.T.A. specifications for cleat type lift trucks. The LTS scales attach readily to Class II, III and IV carriages.

HIGH-VIS TECHNICAL SPECIFICATIONS

	Class II	Class III
Models	LTEF162, LTEF16N2	LTEF202, LTEF202N42 LTEF20482, LTEF202N48
Front Plate Dimensions	16" x 36"	20" x 42" 20" x 48"
Back Plate Width	31"	36" 42"
Front Plate Viewing Port	6 1/4" x 18 3/4"	9" x 25"
Non-NTEP Max. Capacity	6,000 lb.	10,000 lb.
NTEP Capacity	5,000 lb.	10,000 lb.

Class II Scale is also available in an integral version.

Legal for Trade

LTS NTEP Certified Scale Systems (LTS DR2100AN Indicator Certificate of Conformance #07-080A1, LTEF Certificates of Conformance #10-062A1 and #07-077A1) have undergone a stringent set of tests and have been certified to ensure it is sufficiently accurate and fit for the Legal for Trade requirements. CoC #10-062A2 and #16-043A1 use specific scale programs (Weight Scale) to calculate weights.
